“ Lin and I are so sorry about Harley's passing. We had planned on being there but I had been sick Thursday night and some Friday and Lin had a bad cold over the weekend. We didn't want to spread any germs.

Harley was such a good person. When we lived in Petroleum and Lin had his Snap On business, if Lin had trouble with his truck he would drop it off and Harley would have it fixed by morning with a detailed description of what he had done with it! He always had a big smile on his face. He really missed Doris but now he can be with her..

“ Sorry to hear of Harley's passing. I missed him at the Pennville Alumni Banquet in 2016. That was the first one he had missed in the 25 years I have been secretary of the alumni.

I know he is happy now because he wanted to be with Doris so very much. He would always tell me this when he would make his reservation for the banquet.

I remember Harley from my high school years when I worked at the Torchlight Restaurant at Fiat - but it was very nice to get to know him again years later through the alumni.

My thoughts are with all of you - it doesn't matter how old we are when we lose a parent or our parent's age it is hard to let go.
