“ Rest in peace, Grandma Bert. I'll never forget all of the funny stories that you told me of when my mom and aunts and uncle were growing up, and how sometimes their faces would turn red when you were sharing :) I always admired you as a hard-working lady and someone who was generous and had such a big heart for your family. I wish that I had been able to spend more time with you. I'll always remember that you wanted to visit Bakersfield here in CA because that's where Buck Owens was from. We miss you and love you dearly.

“ *I dearly love and will miss my Aunt Bertha, so much she was such a hard worker and she could always make me laugh. Mommy loved her big sis and they were very close and Aunt Bertha was a great comfort to me after Mommy passed away. Aunt Bertha used to protect me when mommy tried to make me do housework, she would say "pack your bags, Sherry and come stay with me, we will eat out of paper plates and not wash any dishes and leave the beds unmade", I so wanted to go home with her. I know she was the best aunt to all of the Fleming grandchildren, everyone loved Aunt Bertha. We will all miss Aunt Bertha, but will carry her in our heart, forever, she was such a special part of our life growing up and we all have so many fond memories of our times with her. I know Aunt Bertha is in Heaven now, she has gained and earned her wings, she is with all her family and friends and can now RIP. I count my lucky stars to have had Aunt Bertha such a big part of my life and will never forget her and will cherish her the rest of my life.*

“ *Mamaw Bert was an awesome woman. She raised 5 kids after being widowed at a very young age. She worked hard. I remember one time she was working in a nursing home. She was 70 years old. She told me that some of the people there were younger than her in age but they were all a bunch of old folks. When she came to California, she loved to watch the airplanes. We would sit and watch the planes for hours.*

There were so many stories she told me. She didn't smile very often. One time, I asked her why she didn't smile. She told that it was because she didn't have teeth.

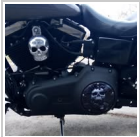

Sometimes Mamaw Bert would scrunch her face up to look ornery, look at me, and then just start laughing. She did it for no other reason than to laugh.

She very rarely played the guitar but the first time I heard her play, I wanted to learn to play.

It's sad that the last time I saw her was about 4 years ago. I wish I could have been closer to her. We always had a lot of fun. She was my partner in crime when we were together.

She was 90 years old. RIP Mamaw Bert.
