“ *So much love...thank you all! We had one of our first family get together...not going to lie, it was rough. I buried feelings when we buried mom, but they bubbled up. One of my amazing cousins, Amber, reminded me it is just not the same, and she is right. It sucks...all the times I want to just call her but cannot. Here is a song that I feel sums it all up:*

“ There is so much that I could write about my loyal Friend and co-worker Bev and all of the fun times that we shared. When she had a job to do you could trust her that it would be done and done correctly. She liked to learn and she liked to play and oh sooo many fun times we shared! She came to work at Century 21 when I was working there and I guess I was her "mentor" and she was very easy to train. When I opted to start Gray & Associates Realty, Bev came along and served in many capacities, but the greatest of all was a trusted Friend and co-worker. One could not have a more loyal Friend and trusted co-worker than Bev Urshel was to me. I last talked to Bev around the Christmas season and she told me of her renewed hope with the beginning of a new treatment and we laughed about the copy of her Real Estate certificate still hanging alongside of mine. Today as I look at that certificate, and think how all too soon she was taken, but know that she is no longer in pain. Bev will be missed by so many but we will always have our special memories and love for her in our heart. My life is so much richer for having known her and I can only say that my love goes out to all of her family and thank you for sharing her with so many people! Love, BJ Gray
