“ Celeste lived in the condo complex Midtowne where I live. Consequently I would run into her as we were coming and going. I enjoyed her sense of humor and the many different aspects of our conversations. I will miss them.

“ Never thought we would have to lose one of us until we were old. I will cherish each memory we created from childhood to the last time we talked over our family zoom. You were more than my cousin you were a sister to me. I couldn't wait until summers because I knew you and Celene would come spend the summer in York and the fun I knew we would have with our sleepovers at Grandmas house. I will always hold a special place in my heart for you. Even though your not here in the flesh you will always be here in our hearts. Love you my Lessi Poo until we see each other again SIP. ❤️❤️

“ I miss my twin so much. I attempted to text her and call her and have to realize she isn't here anymore. Though she is not here, I see her and feel her in everyone she ever loved. Her sons are significant reminders of the affect she had on this world. I still miss her amazing energy and confidence. Praying for her sons, our family, our mother, our brother and all the people blessed to have been in Celeste's life. Missing her like crazy and praying for God to cover and keep her!
