“ Char always had a smile on her face and an encouraging word. Could always count on birthday and anniversary cards from her too. She was an encourager to so many people and she will be greatly missed. I'm so sorry for your loss.

“ I am just so, so sad to hear of Charlotte's passing. She was one of my mother's good friends from high school. We had many New Year's party's together when I was young. Throughout the years we stayed in touch either through my mom, birthday or Christmas cards or running into each other at restaurants or other places. When my mom suddenly passed away two years ago, Charlotte and Roger were there to give a warm hug and encouraging card. My sincere condolences to Roger, Dean and Doug. I know it is not easy to deal with. She was such a wonderful woman, always thinking of others before herself, always willing to lend a hand or an ear. I hope that God will give you peace knowing that she is singing with the Angels now.

“ Charlotte was such a great friend to my mother. She will be missed by my family. She was very nice and friendly every time I seen her. I treasure the necklace she gave me when I graduated from high school.

“ One of my favorite memories about my mother in law is when I started dating Dean. I think she might have been even more excited than we were! She would call me and we would giggle about random things and I can remember thinking how cool it was that she welcomed me into the family without any reservations. She had the gift of encouragement through her cards. I always knew that no matter what season of my life that I was in, that there would be a well thought out card that she had taken the time to underline special words. There was a point in time when I asked her to help me organize all of the family birthdays/anniversaries on my calendar and she took the time to do so. After all of that work, I don't think I remembered to send one card. Each Christmas she would give me a calendar and we would laugh about my good intentions. Whenever we had a family gathering she would ask me what she could bring, and it became a running joke because I would ask her what she wanted to bring, knowing that it would be the bean casserole because that was my kids favorite. Then she would bring something chocolate for me. I am blessed to have had her in my life. She loved the Lord and is showed. I will miss her-
