“ *I am a substitute teacher at Norwell High School and had Degan in many of my classes over the last couple of years. I always enjoyed talking to him and asking him how he was doing. He was so polite and respectful. His goofy and ornery smile always made my day. You are gone too soon young man. May you rest in peace.*

“ I’m so deeply sorry for your loss! I remember when your family moved here from Ohio to work at GM and I had the pleasure of meeting your family and assisting you in buying your home. It had to be in the country with room for a Motocross track. Two sets of twins, all boys and the youngest were just babies. Katherine I admired you and your sweet personality and your obvious Love for those boys
❤️ My heart breaks for you all, praying for God to give you comfort.

“ I didn't know Degan, but wished I had at some time in the past. My heart goes out to his parents and family at this sorrowful time. No one wants to lose a child. But God has a plan for him. Just know that all of you are in my thoughts and prayers at this time. May God lay his hands on your hearts. Georgie Mygrant

“ I have had all the Davidson boys. I can't believe that 3 days ago Degan was in my room just counting down the minutes to keep day moving. The brotherhood of all the Davidson twins is impressive. I can't imagine what they are going thru. Degan saw a broken drill a few weeks ago. He was determined to fix it. I let him and encouraged him to keep trying. Degan did not give up, he kept trying. We just ran out of school days. Degan, this drill is all yours and I know you will fix it. I will miss nodding heads to say hello every time he walked by me in hall. Keep on fixing the drill, it will be done.

What a terrible loss.... I had Degan was in my first period 7th grade social studies class- he kept us laughing and was always willing to help any and every one! When he broke his leg and showed up with crutches, he told me, "I've got to keep my mom hopping!" What a treasure- what a loss.

“ Oh, LORD!

Thank You for mercy and grace and forgiveness. Thank You for the Cross! Thank You for redemption!

Forgive us of our many sins.

Be with this family. Heal their broken hearts. Be their comfort! Be their strength! Be their reason to smile through this unimaginable pain!

God, we don't understand why things like this happen, but through it all we give you praise. We give you all honor, all glory.

We give you our: doubts, fears, anguish, anger, questions, hopelessness, tears! Jesus, bring this family closer to one another like they've never been before.

Lord, I pray they remember to lean on each other and you.

I love, You, Lord. Amen.

“ *Your contagious personality will be missed by all who had the pleasure of getting to spend time with you. Your infectious smile and laugh could light up a room the moment you walked in. No amount of words can say how much we will miss you. Love you kiddo.*

“ This photo captures just one of many, many fun memories of Degan and company. He may have spent more time in my office than many other students, but most of those visits were just to swipe treats from my candy jar! Degan will be missed at NHS, but his friends and family will ensure that he will never be forgotten.
