“ I will always remember Jean and Bev in choir during the 1970's and early '80's. We had such fun. What a wonderful woman she was and so talented in so many areas. I am sad that she is no longer with us, and I trust God will give peace and comfort to Bev and the family. In Christ, Judy Hazelton

“ Mrs. Blessing was a delightful elementary school Principal to our
children. Clearly, she led with kindness and concern for her students
and teachers, as well as she was effective and capable. She was an
excellent principal. She made everyone feel like a friend.

“ Jean Blessing played a critical role in my professional life. Beginning with the first day I started teaching in Bluffton, she was always a strong mentor as well as a fellow colleague. She treated our teachers with great respect, encouraged young educators, and advocated for excellence in our district. Personally she guided me with notes of encouragement as well as gratitude as we worked together for the children in our school. Her door was always open for advice. Her knowledge of the workings of a classroom was priceless. She ran a "tight ship" but knew how to guide us through the maze of education. I am grateful to include her as one of the most influential women who entered my life and made a difference for me. Thank you, dear family, for sharing your mother with all of us!
