“ So sorry to read of Kathleen passing. We met through the Master Gardener program. She was the first Vice-president when the group organized and was a very hard worker for the association and donated many Canna's for the plant sales. Several times I would stop by the U-Store when seeing her car at the office and we would chat awhile. If Kathleen saw my car at the U-Store she would come back and say, " Hey "kid", I thought that was you! She always seemed much younger than her age and was a ball of fun! In the fall, she loved attending the Purdue 50 year reunion with her husband. She stayed active even as she aged "gracefully" and was always impeccably dressed. It was a treat when visiting her in her home and in her garden. She was a pleasure to know and anyone who knew her should have a richer life because of it.
