“ I met him at when he come to foam for a building. Then he ended up working with me in that building. He had me helping a few times on those foam jobs.

I helped him work on the back of his house. He had me haul the hot tub that would later go out there. That was an unforgettable experience. I can't recall how we got it on the top of the bed of my truck. I one big rope holding it on. Traveled 60 or 50 miles like that. The scrap steel trips was a memorable experience. It seemed each trip they got heavier each time.

I am not sure how many trees i helped him plant. I have 3 black walnut trees planted. He give them to me. I yook a picture of them. I told him thi one is you. The other2 Cliff an Tim.

We always seemed to try to see which one could get the bigger rise out of each other.

“ Our kids grew up with Scott and his brothers and sister. Lived next door from them for many years. My memories of Scott was a blessing in my heart. Always so kind and caring. He will be great fully missed by all who knew him. Even though we didn't see each other often, when we did, it was just like seeing him yesterday. He held a special place in my heart and will forever. I will miss him so much. Georgie Mygrant

Scott loved life and had many projects he worked on. He was working on his home and it is looking beautiful. I was driving by a couple of weeks ago and was planning on stopping and telling him what a great job he was doing but didn't.  
Oh how I wish I had. I will always cherish the flowers he gave me last time I saw him. Told him he could see how beautiful they were when he drives by. I worked with him and he was such a sweet guy to work with. What a joy it was knowing him and the good memories I have if him.  
You will be missed my friend.

“ *Scott, I will miss you! You always had a smile and soft spoken kind of personality. You were a fellow classmate of the Norwell Class of '70. Although we didn't see much of each other since graduation, when we did, you always treated me as a long lost friend! You was a truly wonderful person and great friend! Rest in peace! Your memory will live on in those whose lives you have touched!*

“ Scott usually sat in front of me in high school in home room because we were seated alphabetically. When we had to leave Rockcreek school our Sophomore year and go to Lancaster ( new Norwell “South Campus). I was scared to death to leave Rockcreek and I did not want to. Scott was so funny and friendly he helped me feel like I belonged. He was always getting us in trouble for talking too much. Scott and I also worked at the Dutch Mill together almost every night after school. Now, at our recent Norwell class of 1970 Class Reunion I was in a lot of physical pain from walking in the parking lot. Who comes out of the blue to help me walk and get through the door? Scott. I was so grateful and so happy to see him. I was also so happy to see his wife, Deb, who was a classmate from Rockcreek, so she is very special. She planned and arranged our reunion. Now I know how extra special our reunion was. It gave me so many gifts of love. Thank you so much Scott and Deb. Jill Mozena ( Crismore).
