“ Dear Betty, and sons,  
My heart breaks at the loss of Dr. Purcell. I so enjoyed working with him. I remember when he came and the excitement for each of the births of his sons. He treated those of us that worked with him as equals and was appreciative of our help. He cared deeply for his patients and worked hard to care for them. Please know I care.

“ So sorry to learn of Larry's passing. He was a friend of my late husband Lewis Hubble. They liked to walk their dogs together. Blossom was so well-trained that she didn't need a leash. Buddy, our wild dog-child could not be left unleashed, he would get a scent and disappear for hours. Lew enjoyed his time with Larry so much. We counted him as a friend. I am sorry for your loss.

“ I had the privilege to work with Larry for many years on business tax matters. Larry always brought good humor and energy to our meetings. He had such an unassuming personality; he was the very definition of genuineness. He always had a good word and a love for life. I am going to miss his laughter and friendship. May God comfort you in this season of loss. Trent Bucher

“ Larry was just a terrific person. We really got to know Larry through Calvary Lutheran and it was there that we truly appreciated his friendship and recognized his loyalty and generosity to the church family. Truly a man for all seasons. He will always be remembered as a great physician and friend. Wil and Jean Davis

“ Our hearts are heavy by the passing of our dear friend "Doc" Purcell. We have so many memories of good times together...going out to eat burgers and fries and ice cream...pizza hut buffets and CoCo China.  
Larry and Betty's many visits where we would take walks around our Stoney Creek pond we called "Purcells' Pond," along with Larry's best sidekick Blossom the dog.  
Reminiscing about the good old days and also having deep conversations about life.  
He will be sorely missed. God speed dear friend, until we meet again.
