“ *We were so saddened to read of Marty's death. Our sympathy goes out to all of you. Tom drove the schoolbus when he rode it back in the 60's. After all these years we have a little red bird that Marty gave to Tom when he was in school. Our love to all the family.##imported-begin##Tom and Nancy Haiflch##imported-end##*

“ *My heart goes out to all thye family. Marty one of the few I first met in Bluffton. He treated me like we knew each other for years. I got a call from my sister, who helped Marty at the nursing home at Harbor Side, New Haven,Ind.She said he was very well loved at the nursing home from many. My mom took care of Marty there in activity. She said Marty would always worry about everyone around him. Sadly missed. “ I was shocked when I picked up the paper this morning and saw Marty's name in the obit. My thoughts and prayers are with you during this time. We had some good times together growing up together when you lived near the farm. Many straw and hay bales were handled. I hadn't seen Marty in years and wondered whatever happened to you guys. I wish I could be there at the graveside service but we have services here at our funeral home that day and won't be able to make it. But just know I will be thinking of you.##imported-begin##Roberta (Westfall) Carnahan##imported-end##
