“ Will never forget Miss Ellie, feisty and a fighter. Ellie loved to grab her ETT (breathing tube) and everything she could get ahold of! I think she liked my voice!! Her saturations where very good whenever I took care of her. She had a purpose in life I still believe that to this day. She had amazing parents and family that always were there by her bedside to make sure they didn't miss anything. I enjoyed being part of her life and to care for her every chance I could. Love you guys!
