“ I got to know Nancy when Leonard was at Meadowvale/SHC. She would come into my office and talk and share some laughs. She was very committed to Leonard and she continued to visit our facility even after his death to visit residents and help with activities. I truly missed seeing her after her automobile accident and lost track of her! I am so sorry for the families loss .I am sure that Leonard had open arms for her. I know she dearly missed him! “ I met Nancy when she first came to Markle Health and Rehab...What great friends we became. She had been in a Bible Study group at First Baptist Church and one of the ladies always gave me Large Size Hershey Bars to take to Nancy to ward off her chocolate cravings.. I did not know she had been moved from Markle until I called Wed or Thursday to see if I could bring her some chocolate. They told me she had been moved to another facility and it was very sad to see her obituary today. Prayers for the family...She will be missed by many.
