“ *My deepest sympathy to all the Huffman family. I can remember Bob inviting me over for dinner one night without telling his Mom and when I sat down at the table she greeted me like a family member. Also, just in the past few years I had the honor of playing music for her and her friends over at Cameron Woods. We had a nice long chat and she reminisced about how life was when you kids were still home, I think she really loved having the house full of family and friends. She was a really great lady and she will be missed by all those who knew her.*
