“ *Mike and Chris,
I am in Florida and just found out about the passing of your mother.*

It is almost unbelievable. I am so sorry and you have my deepest sympathy.

Becky and I have known each other for many years and when our paths would cross, we would always take a few minutes and talk about our families. You both were very special to her.

She was a special person and I know she will be missed by many.

My thoughts and prayers are with you during this difficult time.

Take care,

“ I am so sad to read this news. I worked with Becky in Urology back in the late 70's. Becky was one of those people that influence you doing certain stages of your life. For me, she showed me how to work hard, be a strong woman, learn all you can, and know how to have fun and even when not to have fun. She always talked about her boys, and I still remember some of those Chris stories and how she would imitate his toddler words. I can hear her right now..He could not say Yellow, but said Eldoe. It was Eldoe from then on.

I haven't seen Becky in a couple of years, but I know we talked about you boys in our last conversation. She will be missed, she was a true original. Chris, Mike and family you are in my thoughts and prayers.##imported-begin##Becky Swartz##imported-end##

“ I'm very saddened to see Becky's passing in the paper. I knew her from the years I managed Star Video. She was absolutely one of my favorite customers. I got to share a lot of late afternoons with her, chatting up all of the new movies coming out-what to watch and what to pass on. She was always interested in my family and always seemed to remember what was going on from week to week. My heartfelt condolences to her loved ones. I'm sure there is a star shining a little brighter than the others in the sky at night now.##imported-begin##Kathie Koby##imported-end##
