“ *I want to extend my deepest sympathy to all of your family. I only knew Daphne before your mother came to our facility. However, in the short time she was there, I'm glad I was able to meet most of you. I wish I would have known your mother before she was sick. She must have been a special lady and I'm certain she knew you were all there. It was heartwarming to see the dedication you all had toward her. You will all be in our thoughts and prayers in the coming days as you lay Mom to rest. Thanks for letting us get to know you.*
