“ *Aunt Ruby was always one of my favorite people. She had a great sense of humor and you never knew what she would do or say. I know you will all miss her--wish we had known, we would have tried to attend the funeral. You are all in my thoughts.*

“ *She was the best Grandma in the whole wide world! Her memory will live on thru all the great stories that she told of her life I know Chris and Tyler know most of them by heart and will be able to share them with their children someday; stories of her working in the shipyards during the war, the great dust bowl, her MYOB story is one of the best! The memories she shared with us of her life on the farm and what newly licensed grandchild didn't get to drive the famous "Poneto path" passing the old farm and hearing the stories of all the old neighbors and friends and the station of course. I know I will never be able to drink a root beer float w/o thinking of her! To a great friend, woman, mother and grandma though you have fallen asleep in death we will always remember you and your great smile.*
