“ I can not explain how thankful I am that you were in my life. You were the coolest neighbor I ever had and such a great friend. I remember you bringing me bull frogs from your fishing trips because you knew how much I loved them and introducing me to a big snapping turtle all because you accidentally caught him (scary and awesome).we had so much fun catching worms together and playing video games. You were always so funny I remember you writing Smurf on our window because mom is so short and picking on me about my hairy toes. You have always been the nicest person I have ever met and I know I will never meet another soul like you and that breaks my heart. I wish life would have never got in the way, I wish I would have went fishing with you and I wish we didn't have to say goodbye. I know your going to have fun picking on everyone in heaven and playing tricks on them, I am sad to see you go but I know you suffered a lot in life and that's all by over. Goodbye my friend I love you and I will miss you Gumby!

“ I'm Thad's only son, I'm Aaron Corona. We had good times and bad, but the good times shine a little brighter when it's dark. We may not have been ideally close, but love existed. I'll miss our time with regret of not having more.”
