“ Richard & family we give you our very sincere sympathy. Vicki & I shared some very special moments when we worked together. People got us mixed up all the time. One time a patient saw me leaving the Clinic and said "Wow you sure work long hours, I just saw you this morning at Wells. A friend of my mom's said I was on the ambulance with her when they picked her up, of course it was Vicki. We shared these moments everytime we met, whether we were in Walmart or where ever. I will never forget Vicki. She was a very special friend in my life. I know that she celebrated Christmas with Jesus! I pray for God's peace that surpasses all understanding fills you and your family's hearts.

“ *Richard, Kendra and Family--Words cannot express my deep bereavement at the loss of Vicki. She was one of my dearest friends since second grade. We shared so many special times growing up, being at each other's homes, basketball games, Pep Club, dances, etc, etc. I can't think of school without thinking of her. And of course, we were in each other's weddings, too. Such very special times. My heart is breaking for all of you. She was such a special person and made many wonderful contributions to the health and happiness and well-being of her community. We always appreciated the good care she gave Daddy when he was in the hospital.*

The weather is so bad here in Indianapolis, I don't believe we will be able to get up there for the services. I've been sick for several days with the flu and Tom doesn't think it would be good for me to get out in this. Please know I am there with you in my thoughts. I feel like a part of my heart is missing with her loss. Know that I (and many others) are upholding you in our thoughts and prayers). She loved you all so much.
